COGNITIVE LEARNING SKILLS

- AN ESSENTIAL PIECE OF THE PUZZLE!

Our trained learning specialists build crucial underlying skills needed to...

Visualize, Comprehend, & Remember

Read, Listen & Communicate

Prioritize & Problem Solve

With these valuable skills strengthened, kids become more effective learners and attitude & confidence improve!

INITIAL EVALUATION + ONGOING PROGRESS ASSESSMENT

We start by identifying strengths and weaknesses in the curriculum areas of choice and related cognitive skills. A parent consultation is provided to share information and prioritize goals. Targeted skills are modified as regular progress evaluations occur.

Every child is unique!

That's why **1:1, personalized instruction** is so effective. Learning specialists meet children at their level and create a step-by-step path to build skills and confidence.

ACADEMIC COACHING

For kids in grades **6-12** who need...

- help with homework & study skills
- re-teaching & review
- organization & time management
- strategies to overcome test anxiety
- positive mindset & goal setting

Students choose a **focus area** and bring homework to each session.

MATH FOCUS

Courses that rely on math & problem-solving:

- Algebra
- Geometry/Trig
- Calculus
- Physics & Chemistry
- Math SAT prep

LANGUAGE ARTS FOCUS

Courses that rely on reading comprehension, writing, & language:

- English
- Social Studies
- History
- English SAT prep

Develop lifelong learning behaviors that increase motivation and overall independence!
